

Product Specification

Almond Oil Sweet Blanched Organic

version: 1 Last revision: 01-05-2019 11:07 AM

Description

Oil from the pressing of different varieties of sweet almond. Appropriate for smoothing and revitalize skin. Oil rich in essential fatty acids which can be used as massage oil or moisturising oil. Oil also suitable for consumption.

Country of Origin	Spain
Shelf life	Good storage conditions allow consuming the products before the next 12 months from manufacturing. Batch/Best before: printed in labels and boxes.
Storage	Store in a cool and dry place, recommended temperature between 14–18° and protected against direct sunlight. For packaged in a protective atmosphere or vacuum-packaged, once opened, keep it in a closed container and at the recommended storage conditions to fully appreciate all its qualities. A lower temperature than 10°C cause the product's solidification, while a higher temperature than 40°C cause the oxidation of the fatty acids and the increase of the peroxides' index.

Characteristics	Result
Odour	Characteristic, without strange smell.
Flavour	Characteristic, not mouldy, rancid or bitter.

Nutritional Values	Per 100 gram
Energy	900 Kcal / 3765,6 KJ
Fat	100 g
Saturated fat	8,7 g
Mono unsaturated	70 g
Poly unsaturated	21,3 g
Carbohydrates	0 g
Protein.	0 g
Dietary fiber total	0 g
Salt	0 g

Microbiological information	Limit
Salmonella:	Absence in 25 g
Peroxide number:	Max. 10 meq 0.2/kg
Acid number:	Max. 2

Fatty Acid composition	Limit
Myristic acid:	max 0,1%
Palmitic acid:	4-9%
Palmitoleic acid:	max 0,8%
Margaric acid:	max 0,2%
Stearic acid:	max 3%
Oleic acid:	62-85%
Linoleic acid:	20-30%
Alpha linoleic acid:	max 0,4%
Arachidic acid:	max 0,2%
Behenic acid:	max 0,2%
Sterols:	max 0,1%

Pesticides

This product complies with the requirements outlined in Council Regulation (EC) No. 834/2007 (and consecutive amendments). It also complies with SKAL strict organic farming standards. During the manufacturing process the product and the packaging materials are not exposed to pesticides or pesticide residues. Pesticides are not stored on site, nor used in the manufacturing or warehousing areas.

Undesirable substances

The undesirable substances levels (heavy metals, PAH, mycotoxins, etc.) are below the limits identified by EU legislation (Commission regulation No 2073/2005, No 1881/2006 and consecutive amendments), including the recommendations provided by EFSA on food contaminants.

GMO free

This product is not subject to genetic modifications. Process controls are in place to ensure no accidental contamination with genetically modified materials, or materials derived thereafter, can occur. We hereby certify that this product is not subject to labeling under EU Regulations 1829/2003/EC and 1830/2003/EC on genetically modified food and feed.

Irradiation

The product has not been irradiated and complies with the EU regulation 1999/3/EC.
