NUTRITIONAL GRASSES IN HIGH DEMAND

We have a significantly rising demand for healthy grasses. Our Barley grass and wheatgrass are high quality and organic from EU. We deliver the most nutritious and safest products.

Our barley grass and wheat grass are high quality, organic and sourced from EU. The barley grass and wheatgrass are types of green grasses and are harvested when it is still young. It is dehydrated at low temperatures and milled into powder.

SOURCING

Z-Company works according to the guidelines of IFOAM. IFOAM is the international umbrella organization for the global organic food industry, uniting a diverse range of stakeholders sharing and contributing to the organic vision. The notion of organic agriculture is a production system that sustains the health of soils, ecosystems and people.

IFOAM relies on ecological processes, biodiversity and cycles adapted to local conditions. Organic agriculture combines tradition, innovation and science to benefit the shared environment and promote fair relationships and a good quality of life for all involved.

Supergreens possesses many nutrients that are good for the health

Our natural organic supergreen powders are freshly harvested and sourced directly from our farmers. The super powders are rich in vitamins, minerals, amino acids, antioxidants and enzymes. Our product comes in the purest form and it is neither over-processed nor does it contain any added sugar. The powders are great for food supplement, as health food ingredient, fitness industry, bakery and pet food.

ALFALFA

Alfalfa powder

VEGETABLE

ALFALFA POWDER

Alfalfa powder

This perennial flowering plant is also well known under the name Lucerne. The name alfalfa is mostly used in North America even though it was derived from Spanish word in 1845. It has been consumed since ancient times and has been used by herbalists worldwide for centuries. Its name, “alfalfa” comes from the Arabic language and means “father of all foods”.

Raw alfalfa seed sprouts are consistent 93% of water, 2% carbohydrates, 4% protein and negligible fat.

MEDICAGO SATIVA

Country of origin: EU origin

Ingredients: Certified organic alfalfa powder

Botanical name: Medicago sativa

Form: Free flowing powder - green color

Flavour: Fresh, typical of alfalfa

Harvesting season: All year

Key features and benefits

- Certified organic, gluten-free, grain-free, vegan, non-gmo, natural
- A vegetarian source of protein
- A source of fiber, vitamins (Vitamin K), minerals and chlorophyll.
- No added flavors, additives, sweeteners, stabilizers, oils or coatings

CHLORELLA

Chlorella tablets

ALGAE

CHLORELLA TABLETS

Chlorella tablets

Chlorella is a single-celled, green freshwater algae. There are over 30 different species, but two types — Chlorella vulgaris and Chlorella pyrenoidosa — are most commonly used in research. We offer an organic certified chlorella tablets sourced from China. Chlorella is a bluegreen microalgae that grows in freshwater. The naturally occurring chlorophyll provides the blue-green color of the powder. This algae contains amino acids, beta-carotene, potassium, chlorophyll, magnesium and vitamin B-complex. Chlorella is spray dried and pressed into tablets.

CHLORELLA VULGARIS

Country of origin: China

Ingredients: Certified organic chlorella powder

Botanical name: Chlorella pyrenoidosa

Form: Fine smooth powder - dark green color

Flavour: Conform odor

Harvesting season: All year

Key features and benefits

- Certified organic, gluten-free, grain-free, vegan, non-gmo, natural
- A vegetarian source of protein

KALE

Kale powder

VEGETABLE

KALE POWDER

Kale powder

Kale originates from the Eastern Mediterranean and Asia Minor. This plant is significant for various leaf types such as, curly, bumpy, plain, or ornamental leaf. Raw kale is composed of 84% water, carbohydrates, protein and fat. It is a great source of vitamin K, A, C, B-6, folate, and manganese.

Our fresh organic certified kale is harvested, cleaned, sliced, blanched, air dried and milled. Therefore, we offer a 100% kale powder with typical, fresh flavour.

BRASSICA OLERACEA VAR. SABELLICA

Country of origin: Eu origin

Ingredients: Certified organic kale powder

Botanical name: Brassica oleracea var. sabellica

Form: Fine flowing powder - light green color

Flavour: Fresh typical of kale

Harvesting season: May - September

Key features and benefits

- Certified organic, gluten-free, grain-free, vegan, non-gmo, natural
- Low in calories, filled with fiber and packed with phytonutrients.
- A source of fiber, vitamins K, A, C, B-6, folat and manganese
- No added flavors, additives, sweeteners, stabilizers, oils or coatings

KELP

Kelp powder

ALGAE

KELP POWDER

Kelp powder

Kelp is a type of large brown seaweed that grows in shallow, nutrient-rich coastal waters in various parts of the world. Kelp is often considered to be a superfood, due the high content of minerals. This algae is one of the best natural source of iodine. Additionally, kelp is enriched by more substances like iron, manganese, calcium, magnesium, copper, zinc, vitamin A, vitamin B (B1,B2,B3,B6) and vitamin C.

ASCOPHYLLUM NODOSUM- FUCACEAE

Country of origin: Canada

Ingredients: Organic certified kelp powder

Botanical name: Ascophyllum nodosum - Fucaceae

Form: Olive green / brown coloured powder

Flavour: Salty taste

Harvesting season: May to November

Key features and benefits

Kelp also produces a compound called sodium alginate. This is used as a thickener in many foods you may eat, including ice cream and salad dressing. Kelp is commonly used in salads, soups, shakes, or just as a mixture of water and powder. Kelp can be eaten raw, cooked, powdered, in supplements or as a thickening agent for soups.

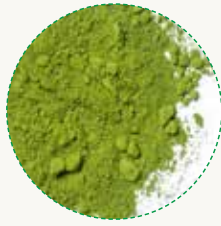

MATCHA

Matcha powder, standard

LEAVES

MATCHA POWDER

Matcha powder

We offer a matcha powder (standard grade) sourced from China. Matcha green tea is a premium tea powder which has been used in traditional Japanese tea ceremonies for nearly a millennium. It is made from shade-grown tea leaves, avoiding direct sunlight and stimulating growth in chlorophyll. Matcha contains fiber, protein, antioxidants, minerals and vitamins. It adds flavour and colour to smoothie and Matcha latte.

CAMELLIA SINENSIS

Country of origin: China

Ingredients: Organic certified matcha powder, standard grade

Botanical name: Camellia sinensis

Form: Light green powder

Flavour: Characteristic

Harvesting season: May

Key features and benefits

- Certified organic, gluten-free, kosher, vegan, non-gmo, natural
